Notice
Enforcement and administration of the Minnesota, State Building Code is a public service and is of necessity limited in nature. Consequently, this Building Permit and the subsequent building inspection are not to be construed or relied upon as any type of warranty, guarantee, or representation on the part of the City, that the plans, construction or finished product are necessarily in conformance with the provisions of the Minnesota State Building Code or other applicable construction standards. Further, the City assumes no responsibility or liability for damages allegedly arising out of the issuance of this permit or subsequent inspections.

This permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied and whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or performance of construction.
