2016 Street and Utility Project

On April 28, 2015, the Circle Pines City Council authorized the preparation of a feasibility report to review the proposed 2016 street improvements within your neighborhood as shown on the enclosed map. This project is part of the Long-term Streets Plan which was discussed and passed by the City Council in 2007. The plan was updated in 2011 and identified the condition of all city streets, a rough timeline for repairing deteriorating streets over the next 20 years, and the Council’s approach to street repair. The plan is available on the city website at [www.ci.circle-pines.mn.us](http://www.ci.circle-pines.mn.us) under Street Projects.

The proposed improvements for East Golden Lake Road and East Golden Lake Lane are as follows: replacement of bituminous pavement with subgrade correction, curb and gutter replacement, replacement of sanitary sewer and water main, and storm sewer improvements. The proposed improvements for Golden Lake Circle are as follows: milling and repaving of the top 2 inches of bituminous pavement.

You are invited to attend an Informational Open House regarding the project on **Wednesday, August 12, 2015 from 6:30 p.m. to 7:30 p.m.** in the Council Chambers at Circle Pines City Hall, 200 Civic Heights Circle. City Staff and representatives from the City’s engineering consultant will be available to answer any questions or concerns you may have regarding the proposed improvements. A brief presentation will be given at 6:30 p.m. explaining the proposed improvements, followed by an informal question-and-answer session. This meeting is the first in a series of meetings to keep you informed about the proposed project.

You will find enclosed a Frequently Asked Questions handout. If you are unable to attend the open house, you will find information on our website under Street Projects, 2016 Street Project. The Council will make a final decision at a public hearing in September or October to move forward with the project.

We look forward to seeing you at the Informational Open House on August 12, 2015. If you have any further questions regarding this meeting, please feel free to call City Hall at 763-784-5898.
