Re: **Virtual** Neighborhood Meeting
www.ci.circle-pines.mn.us or Channel 16 at 7:00 p.m. from 4/1/2020 to 4/15/2020
2020 Street and Utility Improvement Project

On February 12, 2020, the Circle Pines City Council awarded the construction contract to Kuechle Underground, Inc. for the 2020 street improvements within your neighborhood as shown on the enclosed map. This project is part of the Long-term Streets Plan which was discussed and passed by the City Council in 2007. The plan is available on the city website at www.ci.circle-pines.mn.us under Street Projects.

The proposed improvements for Stardust Boulevard, Center Road, Aurora Lane, Moonlite Drive, and North Star Lane are as follows: replacement of bituminous pavement with subgrade correction, curb and gutter replacement, replacement of sanitary sewer and water main, and storm sewer improvements. The proposed improvements to Shepherd Court, Pine Drive South, and Civic Heights Drive are as follows: replacement of bituminous pavement and aggregate base with subgrade correction, spot curb and gutter replacement, replacement and storm sewer inlet improvements.

With past projects we would invite you to a neighborhood meeting, before the project began, to give you information regarding the project and residents would be able to ask questions. Because of our current situation of a pandemic we will be conducting the meeting differently. Therefore, you are invited to watch an Informational Neighborhood Meeting regarding the project **Virtually at www.ci.circle-pines.mn.us at any time or on Channel 16 at 7:00 p.m. from 4/1/2020 to 4/15/2020.** City Staff and representatives from the City's engineering consultant will give a brief presentation explaining the proposed improvements, tree removal locations and construction schedule. A frequently asked questions from previous street projects will finish the presentation.

If you have any further questions regarding this meeting, please feel free to call City Hall at 763-784-5898. On **April 6th and 7th** city staff, our engineers and the contractor will be available to meet with you on site to discuss any questions you may have. Please call construction observer **JIM KLEIN** at 612-518-8327 to schedule a time between **8:00 a.m. and 5:00 p.m. on either April 6th or April 7th. Please keep mind if you plan on meeting to discuss the project that we continue with social distancing of 6 feet apart from each other.**
