

2018 Street and Utility Improvement Project Weekly Update

Current Events - Week of June 4 through June 8

- Gas installation is proceeding along Park Drive.
- **Phase 1** utilities and services are installed on East Road.
- The sanitary sewer on Crossway between Pine and Park is being installed.
- Mail boxes that have been taken out will be disposed of. If the owner wants to save any part of their boxes, please do so as soon as possible.

Future Events - Week of June 11 through June 15

- **Phase 1** street grading will begin.
- **Phase 1** after the water system has passed the testing process, the new city water will be turned on to the houses. The temporary water will be removed.
- **Phase 2** de-watering wells will be placed along East Road. Residents will be connected to temporary water while the new mains are being installed.
- The well pumps for de-watering will be started. It will take at least a week to lower the water table.
- **Phase 1** street grading will begin in 2 weeks.
- **Phase 2 and 3** reclaiming of the bituminous and removal of topsoil surface will begin.
- **Phase 2** sanitary sewer on East Rd. will begin in 2 weeks.
- **Phase 1** concrete curb will be installed in 2 weeks.

Please note: The tentative schedule provided is subject to change due to inclement weather or subcontractor availability.

Tips of the Week

- Please follow the signs and instructions on any notices that are distributed.
- Please use caution around construction equipment and materials. Follow the traffic control signs that are in place on the project and slow down when driving through the project area.
- Do not disturb the survey stakes.
- Keep off the piles of dirt and stay back from the deep excavation areas.
- Allow 7 days for concrete curb and driveway to cure before driving on them.
