Re: Public Informational Open House
Thursday, July 27th, 2017: 7:00 p.m. – 8:00 p.m.
2018 Street and Utility Improvement Project

On April 25, 2017, the Circle Pines City Council authorized the preparation of a feasibility report to review the proposed 2018 street improvements within your neighborhood as shown on the enclosed map. This project is part of the Long-term Streets Plan which was discussed and passed by the City Council in 2007. The plan was updated in 2011 and identified the condition of all city streets, a rough timeline for repairing deteriorating streets over the next 20 years, and the Council's approach to street repair. The plan is available on the city website at www.ci.circle-pines.mn.us under Street Projects.

The proposed improvements for East Road, Center Road, Crossway Drive, Park Drive, Park Drive West, Park Drive East, and Pine Drive are as follows: replacement of bituminous pavement with subgrade correction, curb and gutter replacement, replacement of sanitary sewer and water main, and storm sewer improvements.

You are invited to attend an Informational Open House regarding the project on **Thursday, July 27, 2017 from 7:00 p.m. to 8:00 p.m.** in the Council Chambers at Circle Pines City Hall, 200 Civic Heights Circle. City Staff and representatives from the City's engineering consultant will be available to answer any questions or concerns you may have regarding the proposed improvements. A brief presentation will be given at 7:00 p.m. explaining the proposed improvements, followed by an informal question-and-answer session. This meeting is the first in a series of meetings to keep you informed about the proposed project.

You will find enclosed a Frequently Asked Questions handout. If you are unable to attend the open house, you will find information on our website under Street Projects, 2018 Street Project. The Council will make a final decision at a public hearing in August on whether to move forward with the project.

We look forward to seeing you at the Informational Open House on July 27, 2017. If you have any further questions regarding this meeting, please feel free to call City Hall at 763-784-5898.
